PONY GIRL HORROR

TEXT, DOFANTASY
DRAWINGS BADIA

In the very same cemetery in which Beatriz was weeping for her mother's death, Doctor Cuervo spoke to his stepdaughter...

—Now that my wife is dead, you will replace her... Beatriz, red-eyed, looked up at her stepfather. She did not understand.

—The University is over. You will come home and look after me and my prick. After the mourning, we'll get married.

She slapped him in the face, startling the priest. Doctor Crow carried on, unaffected. He took a mobile out of his raincoat and in the midst of a great silence:

—Unhinged Stables? Doctor Crow here. Proceed with my daughter as agreed. And have her ready within a week.
